

Pair of ME20 measuring electrodes in case set

Product Number EP0204014

Product Description

Measuring electrode set for Tera ohmmeters for measuring surface/volume/leakage resistances (**R_{p-p}**, **R_v**, **R_g**) in accordance with DIN IEC 61340-4-1 and IEC 61340-2-3.

Scope of delivery

- 2 ME 10 measuring electrodes
- Weight 2.5 kg each
- Ø diameter 63.5 mm
- Contact surface:
Conductive synthetic rubber from 3M, Shore A 60
- 2 safety banana jacks
- ESD case with foam inserts
- Calibration certificate

Made in Germany by ESD-Protect.
