

Stand with mounting plate for PD 400/Combo X3 (A4)

Product Number EP0206027

Variants Base plate: For foot electrode FE 100

Product Description

The **ergonomic stand** combines a holding plate for the PD 400 personal tester with a DIN A4 clamping device.

The base plate is suitable for the FE 100 foot electrode (EP0206062). The beveled edges of the base plate ensure safety and stability.

The holding plate, stand and base plate are made of powder-coated metal.

- Solid base made of powder-coated metal
- Support plate with DIN A4 clamping device
- Color: grey (RAL 7016)
- **Please order measuring device and base electrode separately**
