

ESD earthing bracelet, metal with magnetic connection

Product Number EP0105028

Product Description

The MagSnap earthing bracelet is comfortable to wear thanks to the **medical stainless steel** and the **magnetic connection** to the earthing cable. The magnetic force is strong enough to prevent accidental detachment. At the same time, the magnetic connection allows the earthing cable to be docked and undocked quickly.

- Wrist strap made of medical stainless steel
- Anti-allergic
- Magnetic connection to the earthing cable
- Links with laminated polyphenylsulfone foil.
- Adjustable via the stainless steel clasp.
- Color: black, with black ABS cap
