

Electric field meter DESCO 19442

Product Number EP0201084

Product Description

Lightweight and handy electric field meter for measuring static fields and the charging of objects. The meter can measure voltages in the range from 0 to + 19.99 kV, with an accuracy of $\pm 5\%$. An LED distance meter helps the operator to maintain the correct distance. A hold function allows the last measurement to be frozen. The device also has an analog output that provides a low voltage signal of the measured voltage. A charge plate is available as an option and an HV transmitter for checking ionizers.

Measuring ranges (selectable) 0 to ± 19.99 kV/inch

Measuring accuracy $\pm 5\%$

Dimensions 24 mm x 70 mm x 126 mm

Weight 140 g

Power supply 9 V block battery
