

Abeba ESD safety shoe Business Men 33230

Product Number EP1006098

Variants Shoe size: 36

Product Description

The Abeba ESD shoes are the perfect choice for anyone looking for a business look in ESD shoes. These Abeba ESD shoes are business-look shoes that dissipate electrical charge in a safe and controlled manner. The shoes are certified according to EN ISO 20345:2011 S2 SRA CE and meet the requirements for ESD shoes according to DIN EN 61340. The shoes are made of smooth leather in black and have a steel toe cap. The outsole is slip-resistant and made of rubber. The inner lining of the shoes is breathable and moisture-absorbing. The instep area of the shoes is equipped with laces.
