

Kilews ESD electric screwdriver SKD-B1 series

Product Number EP1401157

Variants Model: SKD-B103L

Product Description

- Smallest low-voltage electric screwdriver,
 - Durable and maintenance-free brushless electric motor,
 - Higher speeds with less heating at the same time,
 - No carbon dust and no oily air is emitted – making it suitable for cleanroom workstations
- ESD version with earthed bit is standard,
- Supplied with 2 m connection cable as standard,
 - Power supply unit with two adjustable speeds and torque protection sleeve (protection against unintentional adjustment of the torque)
