

ESD Multi-Clean Basic Cleaner R Concentrate, 5l

Product Number EP1204035

Product Description

- Concentrate in 5l canister
- for use on heavily soiled industrial floors
- Gentle basic cleaner with strong dissolving power
- low alkalinity, gentle on materials
- Universal basic cleaner for industrial floors
- Tested by the Research and Testing Institute for Facility Management GmbH, Metzingen (FIGR)
- further maintenance care with ESD MultiClean floor cleaner

Area of application

Plastic floor coverings (PVC, CV, polyolefin), natural and artificial stone floors. Especially suitable for linoleum and rubber flooring. Follow the flooring-specific care instructions.

Application

Remove coarse dirt by sweeping or vacuuming. Apply Basic Cleaner R diluted in water or pure with a mop, allow to work in. Treat the flooring surface with a scrubbing brush, pad master or SRP single-disc machine. Do not allow Basic Cleaner R to dry on the floor during the cleaning process, therefore work in sections. Do not wet sensitive surfaces (e.g. wood, metal, painted surfaces) with the cleaning solution.

Consumption

- 2-3 liters per 100 sqm at a dilution of 1:5 to 1:10
- 10-15 liters per 100 sqm undiluted for extremely heavy soiling

Technical data

- Ingredients: less than 5% anionic surfactants, less than 5% non-ionic surfactants, NTA, phosphates, CITRAL, LIMONENE, solvents.
- GISCODE: GG 20 (product code for cleaning and care products)
- ADR/RID: no dangerous goods.
- DPD: not subject to labeling.

Observe the usual precautionary measures even when using low-pollutant products.
