

SmartControl surveillance monitor

Product Number EP0402044

Product Description

SmartControl Touch monitoring monitor allows the user to monitor, control and adjust the performance of multiple connected Hyperion ionizing bars and sensors via the integrated touch screen or remotely via a cell phone, tablet or remote desktop. The performance of the ionizing unit can be easily tracked using the SmartControl Touch, which uses Meech's ionic current monitoring technology and allows the user to monitor ionizing performance.

Up to six devices can be connected to the SmartControl Touch unit. An additional 12 devices can be connected via an extension unit, with a maximum of 2 extension units per SmartControl Touch, allowing up to 30 devices to be monitored and controlled with one SmartControl Touch unit.

Technical Data

Breite	280 mm
Höhe	170 mm
Tiefe	60 mm
Verkaufseinheit	1 Stück
Elektrische Verbindung	4-poliger M8-Stecker
Eingangsspannung	24 V DC
