

Ionizing bar SENSOR IQ EASY

Product Number EP0404009

Product Description

Ionizing bar SENSOR IQ EASY device for monitoring the electrostatic charge of a material web

- Operating voltage: 24 V DC,
- Operating current: 0.52 A (8 sensors), 1.0 A (16 sensors),
- Measuring distance: 25 - 60 mm,
- Measuring range: ± 40 kV,
- Ambient temperature: 0 - 55 °C,
- Air connection: max. 1 bar,
- Length: 350 - 4028 mm,
