

Ergolastec Vario floor mat, cut to size

Product Number EP0503043

Product Description

Ideal mat for workplaces with walking, standing and turning movements. The cushioning hemispheres on the underside activate blood circulation and, in combination with the surfaces, provide appropriate pressure relief through intuitive balancing movements. Awarded the AGR seal of approval, the ergonomic mat promotes back health, can reduce downtime and increase employee productivity. The electrically conductive rubber mat is suitable for the special requirements of electronic and microelectronic workstations. The rubber mat is electrically conductive in accordance with EN 61340-4-1.
