

WERA ESD bit set in folding case 20 pcs.

Product Number EP1402186

Product Description

WERA ESD bit set in folding case 20 pcs.

Bit length: 44mm

Surface resistance: $10^9 \Omega$

LxWxH: 157 x 100 x 32

Weight: 199g

consists of:

Kraftform Micro ESD bit holder

PH- PH00, PH0, PH1

TORX- T1, T2, T3, T4, T5, T6

TORX Plus- 1 IP, 2 IP, 3 IP, 4 IP

Hex-Plus- 1.5, 2

Slotted- 0.23 x 1.5, 0.40 x 2, 0.50 x 3

IPR TORX Plus- 1 IPR

Kraftform compact micro set for precision mechanical applications. Suitable for holding bits with 4 mm half-moon drive (Wera series 9) and bits with 4 mm HIOS drive (Wera series 21). Electrical surface resistance 10^9 Ohm for reliable protection against electrostatic energy. Manufactured in accordance with DIN EN 61340-5-1. Compact handle/interchangeable blade system for lightning-fast blade replacement. Kraftform Micro handle with rotating cap and quick-twist zone for lightning-fast twirling, no more time-consuming regripping required. Power zone with integrated soft zones for transferring high loosening and tightening torques. Precision zone directly above the blade for the correct angle of rotation for adjustment work. Bits for hand and machine-operated screwdriving. Lightning-fast bit fixing: simply push the bit into the holder, automatic locking, secure fit. To change the bit, simply push the sleeve forward and remove the bit. Free-running actuating sleeve for easy guidance of the tool during the screwdriving process.
