

WIHA ESD SMD tweezers set 4 pcs.

Product Number EP1404009

Product Description

WIHA ESD SMD tweezers set 4 pcs.

Manual assembly of printed circuit boards
with SMD components or rework activities.

Design

ESD tools manufactured in accordance with IEC 61340-5-1.

All tweezers are ESD-safe (antistatic) thanks to special ESD coating, acid-resistant, rustproof and 100% anti-magnetic.
Surface resistance $10E6 - 10E9 \text{ Ohm}$.

Case

No risk to electronic components thanks to the use of ESD-safe materials. Robust and space-saving metal box.

Set consisting of:

- Universal tweezers, pointed shape, type AA (EP1404002)
- Precision tweezers, square wide tip, type PSF (EP1404007)
- SMD tweezers, flat gripping surfaces, type 13 (EP1404034)
- SMD tweezers, gripping surface with radius, type 59 (EP1404032)
