

WERA ESD screwdriver TORX

Product Number EP1402178

Variants Size: T6

Product Description

WERA ESD screwdriver TORX T4

Output size: T4

Blade length: 40 mm

Surface resistance: $10^9 \Omega$

LxWxH: 137 x 13 x 13 mm

Weight: 12g

Electrostatic protected micro screwdriver. Safe protection against electrostatic energy and associated damage. Lightning-fast twirling is possible by resting the hand on the rotating cap and using the fast-turning zone underneath the rotating cap. No more time-consuming regripping. Power zone with integrated soft zones ensures the transmission of high loosening and tightening torques. Precision zone for the correct angle of rotation for adjustment work. The Black Point tip offers a precise fit and optimized corrosion protection.
