

HAKKO soldering station FX 888D

Product Number CE0101011

Product Description

- Power consumption: 70W
- Temperature range: 200–480°C
- Temperature stability: $\pm 1^{\circ}\text{C}$ at idle temperature

Station

- Output voltage: AC 26V
- Dimensions (WxHxD): 100 x 120 x 120 mm
- Weight: 1,2kg

Soldering iron

- Power increase: 65W (26V)
- Grounding resistance: 2 Ohm
- Leakage resistance: 2mV
- Standard tip: Shape-B
- Heating element: Ceramic
- Cable length: 1.2m
- Total length: 217mm (with B tip, without cable)
- Weight: 46g (with B tip, without cable)

Scope of delivery:

- Station
- Soldering iron (FX-8801-01)
- Soldering tip 0.5 mm (T18-B)
- Soldering iron holder blue/yellow (FH 800 BY)
- Cleaning sponge (A 1559)
- Cleaning metal mesh (A 1561)
- Power supply cable
- Connection cable
- Operating instructions
